

## Action 3.3: Further development of EURAXESS (Austria) within the framework of the EU project “ERA Talent Platform”

Coordination: Maria Unger, Verena Katscher, OeAD / Lil Reif, Ylva Huber, FFG / BMBWF | info@oead.at

### EURAXESS → ERA Talent Platform

EURAXESS will be expanded in the next few years to become an **ERA Talent Platform**: optimising services to support researchers and organisations in the development of research careers in many ways – international and intersectoral mobility, entrepreneurship, skills acquisition and career development (training, mentoring, etc.)

#### Goals

- Increased visibility of the “ERA Talent Platform”
- Further expansion of the Talent Management Service at higher education institutions and research organisations
- Increased integration of international researchers in Austria

#### Milestones

- Creation of a national catalogue of measures for the further development of EURAXESS into an ERA Talent Platform
- Adaptation and expansion of the national platform with country-specific information and services
- Active participation in the design of the five thematic, transnational EURAXESS hubs
- Sharing the experience gained with EURAXESS network partners through Communities of Practice and the ERA TALENT circulation platform

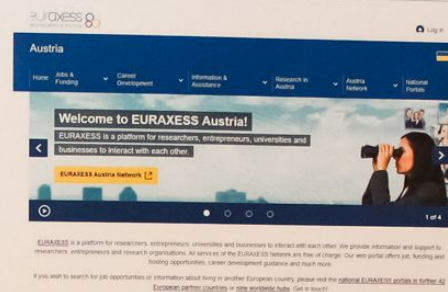

#### Measuring the impact

- Number of individuals participating in networking activities
- Number of hits on www.euraxess.at
- Number of activities (events, articles in various media, etc.) with active promotion of the ERA Talent Platform

#### First results

- First draft of a national catalogue of measures for the ERA Talent Platform
- Set up of an EURAXESS Austria LinkedIn channel
- European survey to identify best practice examples for the social and academic integration of researchers
